

Literature: Accuracy and Reliability

Author and Title	Year	Published in:
Helzel T., L. Petersen, V. Mariette, M. Pavec Reliability of Coastal Radar WERA for Coastal Zone Management	2011	Journal of Coastal Research SI 64 pg - pg ICS2011 (Proceedings) Poland ISSN 0749-0208
Helzel T., M. Kniephoff, L. Petersen Oceanography Radar System WERA: Features, Accuracy, Reliability and Limitations	2010	Turkish Journal of Electrical Engineering and Computer Science, Vol. 18, No. 3, pp. 389-397, 2010
Helzel T., L. Petersen, V. Mariette, N. Thomas Accuracy and Reliability of Ocean Current and Wave Monitoring with the Coastal Radar „WERA“	2009	IEEE Oceans 2009, Bremen
Helzel T., M. Kniephoff, L. Petersen, M. Valentin Ocean Current, Wave and Wind-Mapping – Accuracy, Reliability and Limitations of the Over-the-Horizon Radar „WERA“	2009	Hydro 2009, Cape Town
Cochin V., V. Mariette, A. Coat, P. Broche, G. Mercier, R. Garello, M. Lennon Tidal current measurements using VHF radar and ADCP in the Normand Breton Gulf: comparison of observations and numerical model	2004	Sea Tech Week, Brest, France, 19 october 2004
Essen H.-H., K.-W. Gurgel and T. Schlick On the accuracy of current measurements by means of HF radar	2000	IEEE Journal of Oceanic Engineering, VOL. 25, NO. 4, October 2000, pp. 472...480
Gurgel K.-W. Erfahrungen mit dem Satelliten-Navigationssystem GPS - Genauigkeiten an Land und auf See	1991	Deutsche Hydrographische Zeitschrift 44, pp. 35...49, 1991 (erschienen 1992).
Greco M., S. Maresca, F. Gini Statistical Analysis of data measured by the HF surface wave radar WERA
